

FREQUENTLY ASKED QUESTIONS

APPLICANT'S ELIGIBILITY

Is my study program / academic area relevant to Rimac Technology?

The call is open to full-time students of the following study programs: electrical engineering, computer science, mechanical engineering, mathematics, physics, chemistry, information and software engineering, and related fields of natural and technical sciences.

Is there an age limit for participation in the scholarship program?

No.

Can I apply if I am not a citizen of the Republic of Croatia?

The call is open to citizens of all countries who meet other prerequisites for application.

Can I apply if I study at a private college?

The invitation is open to students of all accredited higher education institutions in the Republic of Croatia who meet other prerequisites for application.

Can I apply if I study at a university abroad, and I came to Croatia as part of the academic mobility program?

Unfortunately, you do not meet the application requirements.

Can I apply if I am enrolled at some Croatian university, but I plan to spend a semester during the next academic year on an exchange abroad?

Yes.

Can I apply if I have already taken all the courses within the graduate studies, but I still have a thesis to write?

The competition is open to full-time students who meet other application prerequisites. You can apply with the condition of maintaining the status of a full-time student during the upcoming academic year.

Can I apply if I already receive a scholarship?

You can apply, but the scholarship cannot be approved if you are still receiving another scholarship at the date of signing the contract.

Can I apply if I earn occasional income in addition to my full-time studies?

The income you receive does not exclude you as a candidate for the scholarship, except in the case of working in one of the companies within the Rimac Group. The prerequisite for application is that you are not an employee, i.e. you do not earn occasional income from work in one of the companies within the Rimac Group.

Can I apply if I was an intern or employee at Rimac Technology or another company within the Rimac Group.

You can apply for the student scholarship if you meet other prerequisites for application.

APPLICATION

Does my CV has to be in a specific format?

A CV of a maximum length of three A4 pages should be written in English and saved in pdf format.

What is the preferred length of the motivational letter?

The preferred length of the motivational letter is 2,000 - 3,000 characters (with spaces).

Do I need to attach a letter of recommendation?

A letter of recommendation is not a prerequisite for application. However, by sending a letter of recommendation, written references and certificates of achievement, recognitions, and awards, it is possible to earn additional points.

Can I mention my extracurricular activities if they are non-certified?

You can list relevant activities and achievements in your CV and/or motivation letter.

Is the list of scholarship applicants going to be publicly available?

No.

Can I apply for a scholarship next year if my application is rejected?

Yes.

ABOUT THE SCHOLARSHIP PROGRAM

What if I leave my studies or lose my full-time student status while participating in the scholarship program?

Scholarship recipients are required to maintain their status as full-time students during the entire duration of the scholarship. Scholarship holders lose their right to the scholarship with the date of termination of their regular student status. Scholars are required to provide information about a possible change in student status to the contact person within Rimac Technology no later than 15 days after losing their student status.

What are the obligations of the student during the duration of the program?

During the duration of the scholarship program, students are required to participate in three one-day seminars organized by Rimac Technology. The seminars will be held in Zagreb, with the possibility of online participation.

Can I obtain an extension of the scholarship?

After the end of the one-year scholarship program, students who retain the status of a full-time student in the upcoming academic year can apply for the extended participation in the scholarship program.

Are there any legal obligations of the scholarship holder after the end of the program?
No.

What comes after the end of the scholarship program?

We hope that the cooperation started within the framework of the scholarship program will sooner or later be continued within the framework of a professional work engagement in one of the companies of the Rimac Group.
