Studying Chemical Engineering at NUS

Academic and cultural life in Singapore from a student's perspective

by Lymon Sim Guan Long and Camille Lay Har Tee

Lymon (Sim Guan Long) and Camille (Lay Har Tee) are 3rd year students of [Chemical Engineering at The National University of Singapore](#). They are also guest students this Semester at the Faculty of Chemical Engineering and Technology, University of Zagreb. Lymon and Camille will give a presentation on student and academic life in Singapore and their academic and cultural experiences in Croatia.

All welcome!
