Company-Sponsored International MSc Program

You would like a career in the Dairy sector working for an international company in **Croatia**?
You are open to learning a new language and facing interesting challenges?
This offer is for you!

We are offering a Company-Sponsored Master's degree at ESA with a major **French International Dairy Production Company**

Successful candidates will

- spend two years in France - with an additional 4 months of intensive French prior to the program according to their current level of French
- receive high level training in technical and managerial competencies and learn a new language (French)
- have all expenses (travel, tuition, insurance) costs covered
- study half time at ESA and work half time in the company with a tutor
- successful graduates earn a Master of Science in Engineering from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- work for a minimum of two and a half years in the sponsoring company in Croatia after the program in France

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France.
Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Croatia after the end of the program.

Requirements:

Candidates must have:

- A completed Bsc or Msc in one of the following domains **Food Sciences, Microbiology, Biotechnology or Chemical Engineering**
- a strong motivation for a career in the dairy production
- A **certified B2 level in English** (equivalent of 700 points in TOEIC)
- a desire to learn new cultures and a new language (French)
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated
- **PLEASE NOTE: NO FRENCH REQUIRED TO APPLY**

You must be under 28 on September 1st 2023 to apply.

Application process:

Applications online to ESA at https://olage.groupe-esa.com

Click: I²FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored
Deadline: February 28th, 2023. **Only fully completed application files will be examined**.

The selection process is in two steps. ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

*ESA will arrange company **interviews with the local team in Croatia in early March 2023**. The company makes the final choice. The program begins in early April 2023 for those who need French lessons and late July 2023 for French speakers*.
